To: Alex Rivera, 4412 Bluebonnet Ln, Austin, TX 78745

Date: 2026-06-06. Proposed service date: 2026-06-18.

Subject: HVAC system replacement quote

Following our inspection, your 2016 central system is showing compressor wear and refrigerant loss. Repair is possible but the unit is at the end of its service life. We recommend a full replacement. Quote below.

Line item	Detail	Amount
Condenser unit (3 ton, 16 SEER)	High-efficiency, matched coil	\$4,200
Air handler + evaporator coil	Replace failing 2016 unit	\$2,350
Labor and installation	Full day crew	\$1,650
Permit, refrigerant, disposal	City permit + old unit haul-off	\$800
Total (full replacement)		\$9,000
Alternative: repair only	Compressor + recharge, no warranty extension	\$3,100

Warranty: 10-year parts, 2-year labor on full replacement. Financing available at 6.9 percent over 36 months, or pay in full on completion. Quote valid 30 days.

Suggested action (Mail triage)

Reply to confirm full replacement vs repair and request warranty terms in writing before the June 18 visit. Decision feeds homestead (asset) and wealth (whether to draw on the \$32k emergency fund or finance).
